Art Unit: 1654

1. The information disclosure statement filed February 9, 2007 fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.

The information disclosure statement filed February 9, 2007 also fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. Even had the statement under 37 CFR 1.97(e) been provided, those references for which copies have not been provided would not have been considered.
